**Recent News:**

**2017 FAIR Annual Awards Gala & Benefit**

On September 28, 2017, FAIR held its Annual Awards Gala & Benefit at the Westin Fort Lauderdale Beach Resort. Over 175 people attended from all over the globe, including representatives from the top Florida insurance providers, reinsurance providers from the US and Bermuda, top Florida legal and public adjusting firms, the Florida Realtors, PACE providers and many, many more.

This year's evening began with a cocktail hour sponsored by The Calusa Group from UBS and then the program began with a recap of FAIR's successes throughout the year from FAIR's President & CEO, Jay Neal. Highlights of the evening were the awards presentation honoring those who have helped make positive impacts on our industry this year and the powerful keynote address delivered by Joe Petrelli, Founder and President of insurance rating agency, Demotech. Finally, the night concluded with a VIP reception where many celebrated late into the night, sharing stories of how they all survived the recent hurricanes. This year's award recipients were:

**2017 Consumer Champion Award:**

**Amy Bach**  
Executive Director, United Policyholders

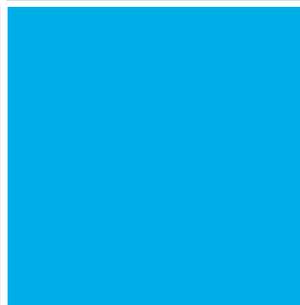

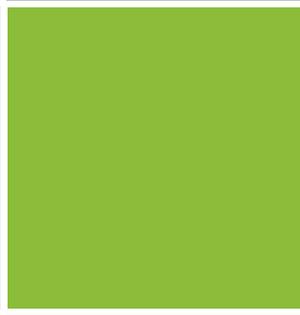

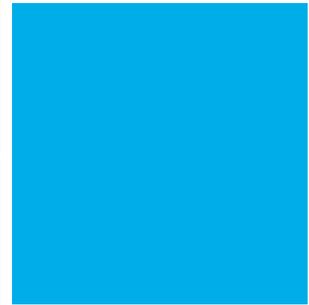

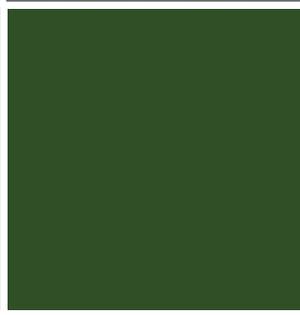

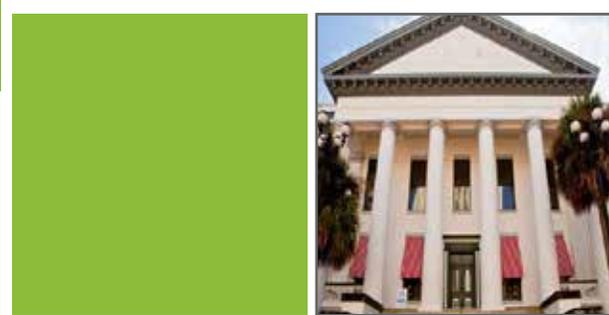

**2017 Outstanding Legislator Award:**

**Representative Jose Felix Diaz**  
Florida House of Representatives

**2017 Founders Award:**

**Matthew O'Brien**  
Immediate Past Chairman of the Board, FAIR

Special thanks to Guy McClurkan, FAIR COO, for all his hard work and efforts to make this a night to remember. We look forward to seeing everyone back again next year for another great evening of celebration.

**Message from Jay Neal, President & CEO**

Like no other year in our nation's history, 2017 has proven the need for leadership and cooperation.

With a few weeks to go in hurricane season, the Florida mainland seems to have dodged the proverbial bullet in terms of catastrophic damage. While we are grateful to have been spared some of the damages seen in Puerto Rico and the Caribbean, we are equally as grateful that our State is better prepared to face catastrophic storms due to the dedication and hard work of FAIR members, partners, sponsors, legislators and colleagues.

Florida homes, properties and communities face unique threats inherent to hurricanes and a growing threat of flood and sea level rise. We believe the best defense is a good offense. Thoughtful and proactive preparation is the key. With the support of our members, partners and colleagues across the state, FAIR is working to enable and promote practical solutions and protections for all Floridians.

Our vision for the next 20 years and beyond requires a renewed focus on mitigation against catastrophic wind and water events, common sense public policy reforms and steadfast support of the Florida-based market. Convening the finest minds in the industry, public policy and academia, FAIR works tirelessly to achieve its mission of providing Florida consumer with affordable rates and quality coverage.

**Member Highlight: Federated National Insurance**

Federated National (FedNat) was founded in Florida in 1992 and currently has two domestic insurance carriers, Federated National Insurance Company and monarch National Insurance Company. FedNat is committed to providing fair, expedient, and Professional claims handling to all of our customers and is proud to have paid in excess of \$1.4 billion in claims to enable our policy holders to rebuild from their loss.

FedNat has been a strong partner of FAIR and has recently been named a FAIR champion Sponsor. All of us at FAIR would like to thank them for their outstanding commitment to all that they do for the Florida community and for us.
